

## Y-ECCO Networking Corner

Due to the success of last year's event, a separate area has been reserved again this year at the beginning of the Interaction just off the main hall at the **Cupula – Museu Nacional d'Art de Catalunya** from **20:30 to 21:00** where welcome drinks will be served and Y-ECCOs will have the opportunity to network and identify each other before the event really gets going.

In addition to meeting your fellow young colleagues, key opinion leaders from the GB and OB will also be invited to join during this time to meet the young talents who are coming up through the ranks in ECCO. This will be a great opportunity for those who are new to ECCO, or are not yet involved, to approach seniors in their field where they otherwise may not have had a chance during the Congress.

- Meet key opinion leaders from the Governing Board and Operational Board of ECCO and network with fellow Y-ECCO members

### **Where/When**
