Letter of invitation

Dear Colleagues,

I am delighted to announce that the ECCO Congress 2015 will be held in Barcelona, Spain on February 18-21, 2015. This will be the 10th Congress of the European Crohn's and Colitis Organisation. Our congress has grown over the years to become the major educational event, both clinically and scientifically, in the field of Inflammatory Bowel Diseases (IBD) in Europe and has achieved immense popularity across the world.

ECCO 2015 in Barcelona will again offer a broad and exciting scientific programme, covering all aspects of adult and paediatric care, of medical and surgical advances, aspects related to costs and quality of care, and the increasing knowledge about the role of the environment in IBD. Our aims remain to advance the understanding of the causes of Crohn's Disease and Ulcerative Colitis, to share and discuss top-line results of therapeutic agents and algorithms, to stimulate and promote the implementation of guidelines, to ultimately further improve patient care. By promoting research, integrating basic science and clinical practice, fostering international collaboration and friendship, IBD experts strive to bring hope and comfort to the many people who suffer from IBD.

As was also the case in the previous years, we feel that the success of the ECCO Congress lies in the format of one scientific "menu" put together thoughtfully by a team of excellent chefs. Forget about difficult decisions on which dish to choose from a very full menu, ECCO offers you once more a 12-course menu spread over 2 ½ days. Each course represents a very actual theme and integrates clinical aspects with scientific and translational data. The menu offers the very best oral presentations and poster sessions of accepted abstracts. We continue to promote our ECCO Fellowships and Grants and the programme also contains many other educational activities (appetisers!) before the start of the congress, such as the 13th IBD Intensive Advanced Course for Junior Gastroenterologists, the 8th Y-ECCO Workshop, the 4th Clinical Trials' (ClinCom) Workshop, the 9th Nurses' N-ECCO Network Meeting and the 6th N-ECCO School. So check out our Congress website (www.ecco-ibd.eu/ecco15) and register on time as places are restricted for some activities!

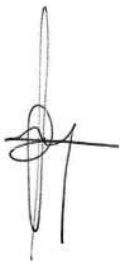

I look forward to seeing you in Barcelona in February 2015 and on behalf of the whole ECCO team I extend a warm welcome to you all!

Yours sincerely,

On behalf of the ECCO Organising Committee,

Silvio Danese
Gerhard Rogler

James Lindsay
Julián Panés

Séverine Vermeire
ECCO President & Chair of Organising Committee

Why exhibit?

International registration

So far, ECCO has organised nine congresses attracting a very large number of attendees with expertise in Inflammatory Bowel Diseases. Although most come from Europe, a considerable number come from North and South America, the Gulf States, the Far East, Australia and New Zealand. The last congress, organised in Copenhagen in February 2014, attracted a **record number of 5,175 participants** (incl. exhibitors) from 78 different countries. This constitutes a 15 % increase over the 8th Congress of ECCO in Vienna, February 2013.

For the forthcoming congress in Barcelona 2015, a cautious estimate of 5,175 congress participants has been made.

A diverse spectrum

The 10th Congress of ECCO in 2015 will comprise a wide range of topics in the field of IBD from diverse experts. The preliminary scientific programme is published on the [congress website](#).

Meet the purchasing decision makers

Reach an audience of approx. 5,175 IBD physicians, clinicians, scientists, surgeons, paediatricians and IBD nurses, the vast majority of whom visit the exhibition hall.

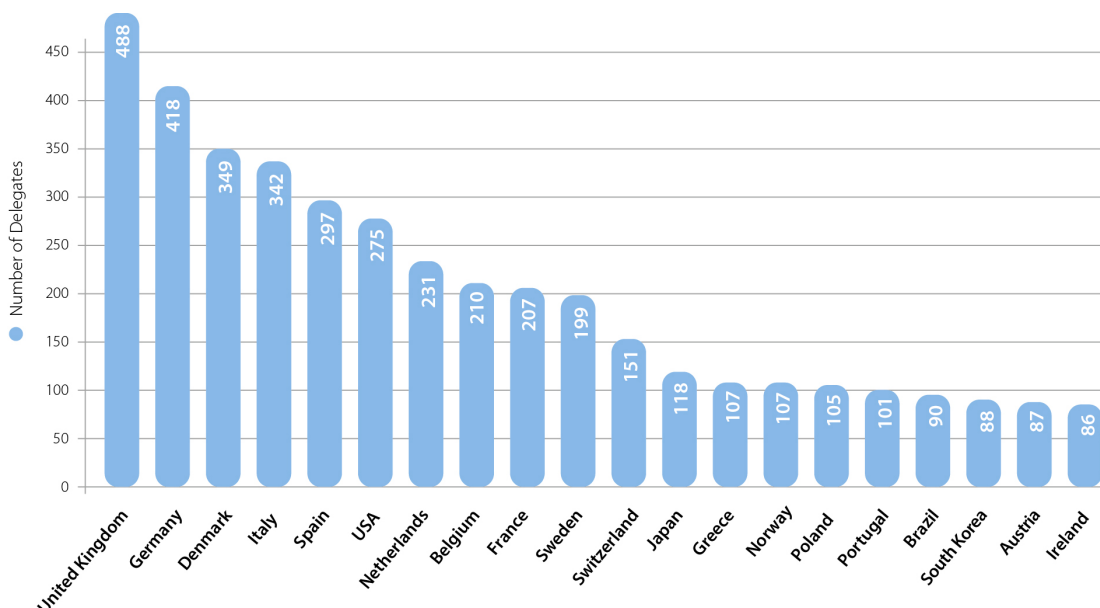

Educational IBD Forum

The ECCO Congress is the main educational forum for IBD professionals in Europe. From year to year, ECCO welcomes a larger number of delegates coming from countries outside of Europe such as: Argentina, Australia, Brazil, Canada, China, Colombia, Iran, Japan, Kuwait, Libya, Mexico, New Zealand, Saudi Arabia, Singapore, South Korea, Tunisia, United Arab Emirates, United States etc.

Individual Membership

ECCO is a young and active association with a very high potential for membership growth. Individual membership was introduced in 2009. ECCO is proud to have 2,558 paying members as of June 2014 with numbers continuing to increase.

Who exhibits?

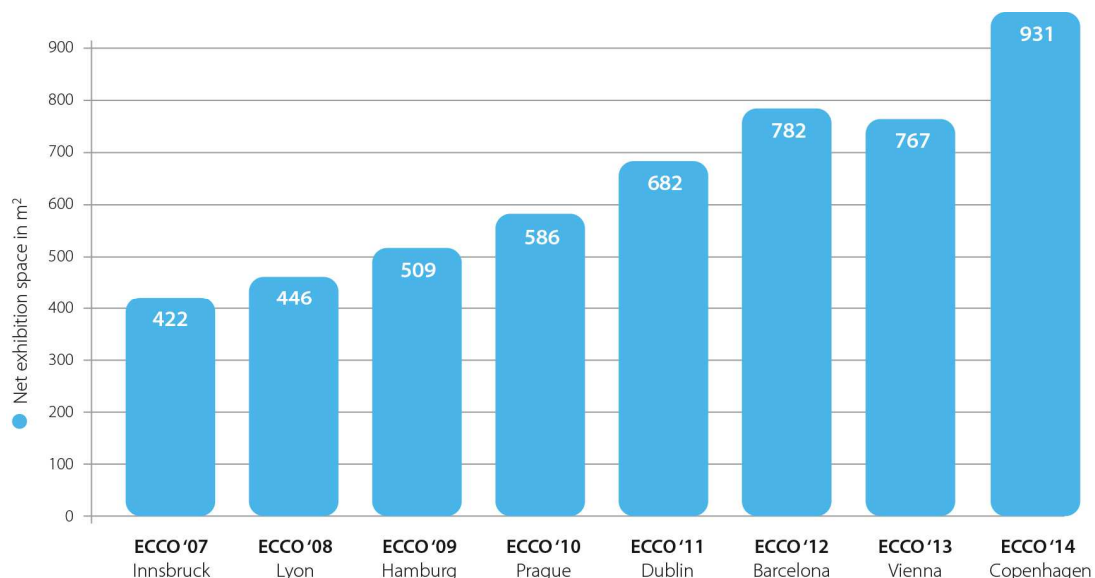

The ECCO Congress hosts exhibits representing a variety of sectors in the industry, including companies and organisations from the pharmaceutical, endoscopic, device/instrumentation, nutrition, information technology, software, medical and non-profit sectors, among others.

Details of the programme are available online on the [ECCO Congress 2015 Website](#).

Educational programme

The educational programme is scheduled prior to the official start of the ECCO Congress and covers activities for ECCO's different interest groups including young gastroenterologists, surgeons, paediatricians, IBD nurses and allied health professionals and scientists.

Scientific programme

The scientific programme is structured around basic science, translational medicine and clinical sessions, given by some of the world's specialists. It also includes oral presentations of the best abstracts, the announcement of ECCO Fellowships and Grants and summary presentations of the new ECCO Guidelines.

Plenary session

The plenary session is held from Thursday to Saturday, February 19-21, 2015. **No parallel sessions** are scheduled during the congress scientific sessions. The congress registration fee includes access to all scientific sessions.

Oral presentations – Best abstracts

Out of the submitted abstracts the 28 best abstracts will carefully be chosen by a panel of referees and selected for oral presentation. For the presentation schedule please refer to the [scientific congress programme](#).

Digital Oral Presentations

This was a new initiative at the ECCO'14 Congress in Copenhagen with a very positive outcome. Abstracts will be selected from the ranking by taking 99 abstracts after those 28 selected for presentation in the scientific programme. These abstracts will be presented as 5-minute digital oral presentations on Thursday, February 19, 2015 from 17:15-18:15.

Please note that the digital oral presentations are organised in parallel with satellite symposia.

Poster exhibition – Guided poster session

Posters will be displayed on February 19-21, 2015. The guided poster session will take place in the exhibition hall on Friday, February 20, 2015, from 12:20-13:30. The best posters will be presented during the closing remarks session on Saturday, February 21, 2015, 12:50-12:55.

Satellite symposia

Satellite symposia are organised by pharmaceutical companies and are open to all congress participants. At the 10th Congress of ECCO, parallel satellite symposia are organised. As much care as possible will be taken to avoid parallel symposia with products in the same class, but applications are prioritised through a strict time-sensitive process.

Further information on satellite symposia during the scientific and the educational programme and the respective application forms can be found on page 23f.

Responsibility to the programme content remains with the sponsor, but needs to be approved by the Organising Committee of the 10th Congress of ECCO.

The organisation of offsite symposia is strongly discouraged, especially were this do occur at a time when a competitor was running a satellite symposium. The Governing Board of ECCO would take a dim view of such an event, because this runs counter to the spirit and ethos of ECCO.

EACCME – Continuing Medical Education

ECCO is in the process of seeking approval from the European Accreditation Council for Continuing Medical Education in Brussels (EACCME), an institution of the UEMS, to provide EACCME credits for attendance at the scientific sessions of the core programme as well as for some educational courses.

Business meetings

Attendance of business meetings will be possible upon invitation only.

Group registration

To register your group (more than 5 participants) for ECCO'15 please use our [group registration system](#).

Early registration for groups - by November 5, 2014

As in the previous years, it is possible to buy a certain number of **early non-member registrations** (without providing delegate details at this stage) and profit from the early registration fee by paying in full before November 5, 2014.

If you would like to purchase early non-member registrations without names, please contact the ECCO Office at ecco15@ecco-ibd.eu. As these registrations need to be set up by the ECCO Office first, we kindly ask you to provide us with the following details:

- Number of early non-member tickets that you need (standard/student/nurse)
- Contact details of the group leader
- Correct invoice address incl. VAT Number

We will then set up the registrations and will provide you with an Excel file to fill in the delegate details. Once you have them available, please return the filled in form to the ECCO Office before January 20, 2015.

To be able to buy **early member registrations**, the names of the delegates must be provided at the time of the order and their membership fee for 2015 must have been already paid! Please allow approximately 5 working days between the membership fee payment and the date of the congress registration. We strongly advise paying the membership fee well in advance to avoid trouble when registering close to the congress registration deadlines.

If you only wish to purchase **Member registrations and Non-Member late or onsite congress registrations**, please log in to the [online group registration system](#) with your details. These registrations can be added directly online by the group leader. Please select "Add participant" and follow the step by step process.

Payment deadline

In case the full amount of the early registration fee has not been received by **November 14, 2014**, the late registration fee will automatically become effective.

In case the full amount of the late registration fee has not been received by **February 10, 2015**, the onsite registration fee will automatically become effective.

Provision of delegate details - by January 20, 2015

Please note that full names, institutions and individual delegate email addresses have to be provided by January 20, 2015. In case individual contact data is not provided by that date, the registration becomes invalid and will not be refunded. Company address and company email address as registration data for the delegates cannot be accepted.

Educational activities - by February 3, 2015

There are a number of educational activities, in which your group participants might be interested (an overview of courses and fees is available [here](#)). **Please note that ECCO Membership 2015 is a prerequisite for most educational activities** (only exception: Basic and Advanced ECCO: EduCational COurse for Industry). If you are interested in registering a group as ECCO Members, please contact the ECCO office at ecco@ecco-ibd.eu. Only once the ECCO Memberships are confirmed by the ECCO Office (please allow up to 5 business days), you will be able to register your group members for educational activities.

You can add tickets for educational activities directly online in the [group registration system](#) (except for tickets for the Basic and Advanced ECCO: EduCational COurse for Industry). To add tickets for the Basic and Advanced ECCO: EduCational COurse for Industry to your group, please contact the ECCO Office at ecco15@ecco-ibd.eu and advise how many tickets you will require.

Registration for these courses will be on a first come, first served basis. The deadline is February 3, 2015 (no onsite registration possible).

Social / cultural events during the congress

The industry is welcome to offer additional events which should, however, not take place in parallel with the official events or core programme of the congress. The organisers have planned the following event:

"ECCO Interaction: Hearts and Minds"

The "ECCO Interaction: Hearts and Minds" is scheduled for Friday, February 20, 2015 (start 20:00, location: Museu Nacional d'Art de Catalunya – Museu Nacional).

This is THE networking event at the ECCO Congress, which captures the spirit of ECCO and is open to all congress delegates (ticket needs to be shown at the entrance). The price of an entrance ticket is EUR 50.— for ECCO Members, and EUR 95.— for non-members. Tickets can be purchased when registering for the congress in the online registration system.

Please note that there is a limited amount of tickets available and these are sold on a first come, first served basis.

Access to the event is strictly limited to those with ECCO Interaction tickets only. Please make sure that you bring your ticket with you. NO TICKET SALES ONSITE at the venue!

Industry regulations

In order to ensure the smooth functioning of the official congress activities and optimal attendance by delegates, the following guidelines have been developed:

- "Non-industry"-associated organisations that wish to hold activities in conjunction with the 10th Congress of ECCO must submit an application to the ECCO Office.
- **Social events** can be organised outside the official core programme hours of the 10th Congress of ECCO, beginning at 20:00 on Thursday until Saturday of the congress week (except for Friday). Large social events that require bus transportation should not be scheduled to leave the congress centre before the end of the daily satellite symposia (19:00).
- **Closed meetings** of a small size (max. 20 pax) may take place during the Congress, but only invited participants may attend. These meetings shall not be open to the general congress participants. Please make particular effort to avoid conflicts with the scientific programme and note that industry meetings during the 10th Congress of ECCO can only be held at the CCIB. Meetings outside the congress venue cannot be accepted. Please contact the ECCO Office with your booking requests at ecco-congress@ecco-ibd.eu.
- No activities are to be scheduled that would take delegates away from the CCIB during the official scientific programme.

Centre Convencions Internacional de Barcelona (CCIB)

The CCIB was designed by the prestigious Catalan architect Josep Lluís Mateo with the idea to maximise the use of natural light. It is located in the Diagonal Mar neighbourhood which is a new business area in Barcelona and is easily reachable by public transportation. The convention centre is a highly versatile and multifunctional space facing the Mediterranean Sea. The El Prat airport is located 20 kilometres southwest of the convention centre and the city centre is about 7 kilometres away. CCIB has a total space of 100,000 sqm and offers 38 well-lit rooms across 3 floors and 2 mezzanines. The total area of 100,000 sqm makes the CCIB one of the largest Convention Centres in Europe, capable of accommodating 15,000 delegates in a single space.

Services offered include AV, IT and WiFi, hostesses, security staff, construction of event stands, technical support, photographers, signage, furniture and own catering service.

Not included in the stand rental area:

Partition walls, furniture, electricity supply, telephone, data lines, stand cleaning and exhibitor's insurance. Modular stands, partitions, furniture, carpets for stands, electricity supply, auxiliary staff, hostesses etc. can be ordered at the appointed exhibition management company of ECCO on completion of registration.

Further information will be included in the exhibition manual to be mailed in November 2014. The terms and conditions of ECCO, as well as of the CCIB and the Code of Practice will apply.

Registration

Please use the booth application form enclosed with this prospectus to make your binding application to take part in the industry exhibition and send it to

ECCO Office

ECCO Office, Seilerstätte 7/3, 1010 Vienna, Austria
Tel.: +43-(0)1-710-22 42, Fax: +43-(0)1-710 22 42-001, E-Mail: ecco-congress@ecco-ibd.eu

Decisions regarding the administration of exhibitors and exhibits and the allocation of space will be made by the ECCO Office. All exhibition bookings will be treated on a first come, first served basis following the rule that Corporate Members will be allocated prior to Non-corporate Members.

According to the booked square metres of exhibition space, exhibitors are entitled to receive the following number of full meeting registrations free of charge:

- 1 – 25 sqm ⇒ 1 free meeting registration
- 26 – 49 sqm ⇒ 2 free meeting registrations
- 50+ sqm ⇒ 3 free meeting registrations

Exhibitor badges do not grant access to the scientific sessions, but are free of charge.

Appointed representatives

If an exhibiting company has appointed an agent/stand builder acting on their behalf, the agent's details should be given on the booth application form. Once appointed, the agency/stand builder can act on full behalf of the exhibiting company. Contractual responsibility, however, remains with the exhibiting party.

Exhibition layout

The congress organiser maintains the right to deviate from the stand confirmation and to allocate a stand in a different spot, to amend the size of the booth, to alter entrances and to carry out similar structural changes should unforeseen circumstances make this necessary. Alterations to an agreement will be made after mutual consultation.

Giveaways

Giveaways and printed material may only be distributed within the exhibition space rented. Gadgets should be professional in nature and should not conflict with industry standards (healthcare guidelines).

Exhibition payments

VAT at the statutory rate applicable has to be added to all prices quoted.

Invoicing

Receipt of the sponsorship application and contract form will generate an invoice of 50% deposit payment. The deposit payment will be due within 30 days of invoice date. Final payment will be due by January 19, 2015.

Please note that invoicing will be done by OCEAiN – Organisation, Congress, Emotion, Association, iNnovation GmbH.

Site inspection

Requests for site inspections of the congress venue need to be directed to the ECCO Office.

Withdrawal of application

Once the exhibitor's participation has been confirmed, the exhibitor may no longer withdraw his/her application or reduce the size of the stand requested. The full stand rental plus any additional expenses actually incurred are payable in total.

Booth application form

10th Congress of ECCO, February 18-21, 2015, Barcelona, Spain

The exhibition will be installed within the CCIB in close vicinity to the plenary hall. According to the booked square metres of exhibition, space exhibitors are entitled to receive: 1 full meeting registration free of charge for 1-25 booked sqm, 2 full meeting registrations for 26-49 sqm and 3 full meeting registrations for 50+ sqm. Exhibitor badges (no access to scientific sessions) are free of charge.

Satellite symposia - Scientific programme

Booked

Companies are invited to organise satellite symposia at the 10th Congress of ECCO. These sessions serve as the ideal forum through which industry can communicate with their target audience, presenting their latest scientific research and developments.

At the 10th Congress of ECCO, **parallel satellite symposia** will be offered to industry partners. ECCO offers

- **regular satellite symposia** of 1 hour duration, and
- shorter so-called **educational lunchtime satellite symposia** of 40 minutes duration.

- Standard setup (theatre style with stage, lectern and speaker table)
- Supply of basic technical equipment in the room (projector & screen; 2 microphones for panel, 1 microphone for lectern)
- Use of the speakers' centre for satellite symposium faculty (opening times will be communicated in due course)
- Session and talk titles, as well as company logo, will be included in a special section of the final programme and published on the congress website (deadline to submit: **November 3, 2014**)
- Publication of PDF invitation to symposium can be published on the congress website. ECCO's February eNewsletter will feature a link to the invitation. (PDF invitation submission deadline: **January 23, 2015**)
- 1 free congress bag insert (announcement of the symposium)
- Opportunity to place 1 poster of the format A0 (content subject to approval by the Organising Committee, deadline for submission of electronic files: **January 23, 2015**) at the registration area two hours prior to the satellite symposium, 2-4 posters of the format A0 at the entrance area of the plenary hall (number depending on the number of entrances used) two hours prior to the satellite symposium. Provision of poster walls included, poster printing is not included
- **Important note on posters: Movable roll-ups are not allowed in the registration area or in the corridors. The congress organiser will provide fixed poster walls. Only poster walls with the sign "Satellite symposium announcement" may be used (poster walls used for directional signage by the congress organiser may NOT be used). Posters have to be dismantled by the satellite symposium organiser at the end of the symposium.**
- Additional equipment as well as catering is not included (price upon request)

Conditions:

- All printed matters (symposia programmes, posters etc.) referring to a company's satellite symposium shall include the following remark: "*This programme is not affiliated with ECCO*"
- Onsite setup and dismantling to be completed within 15 minutes prior and after the symposium. Satellite symposium organisers are kindly asked to communicate this information to their appointed agencies, film crews, technicians and faculty
- All symposia-related signage and material to be fully removed after the session
- Staff of the sponsoring company is allowed to enter the plenary hall during the symposium only

Appointed agencies

- If agencies are appointed for the organisation of a satellite symposium, the companies shall inform the ECCO Office in writing of the agency's name and contact person. Companies are further asked to make initial enquiries or reservations with ECCO directly, not via their agencies.
- Companies are responsible for communicating ECCO's regulations to its staff and appointed agencies. The appointed agencies cannot entirely act as if it were the company itself and the companies will continue to be held entirely responsible and accountable for activities organised on their behalf.
- It is the responsibility of the company to ensure that any agents employed to facilitate the satellite symposium are aware of these rules.

Booking process

Please rank three preferences for a regular satellite symposium on the "Satellite symposium application form" on pages 29-30 which should be faxed to the ECCO Office (fax +43-1-710 22 42-001) or sent via e-mail (s.hartmann@ecco-ibd.eu).

Extended booking deadline:

November 3, 2014

Regulations

The ECCO Office will match preferences to available symposia slots, based on the time that requests are received and to avoid parallel sessions between the following groups of products: 5 ASA, anti-TNF agents,

corticosteroids, iron preparations and devices. A maximum of two symposia can be applied for by a company, but the choices should not be identical.

Should one of your choices compete with that of another company, then preference will be given on the principle of first come, first served. Second or third preferences will then apply, on the same basis. ECCO has decided to use this rather complex process in the interests of transparency and fairness.

Once a request for a satellite symposium or sponsorship package has been submitted and accepted, this is considered a binding commitment. Submitting an application constitutes agreement to these terms.

Please note that the digital oral poster presentation is taking place parallel to the satellite symposia on Thursday evening.

Promotion

- Satellite symposium organisers will have the opportunity to make use of installed poster walls in the registration area and in front of the symposium hall (for detailed information see "Rental package")
- The distribution of promotional flyers in the congress venue is prohibited because conflicts between symposia have arisen on previous occasions.
- Any further promotional activities at the congress venue other than those described above are prohibited unless explicit approval has been granted by the congress organiser. Failure to observe this procedure shall render the company liable of a fee of up to 25% of the satellite symposium slot cost.
- If authorisation is granted by the management of a hotel, roll-ups/posters can be installed in the hotel lobby and/or flyers can be left at the check-in. Advertising on hotel key cards/door drops and any further promotional activities in hotels are prohibited, because this inappropriately commercialises the congress.

Receptions

- Catering is not included in the satellite symposium rates.
- If space permits, satellite symposium organisers may organise receptions before/after satellite symposia. The congress organiser does not guarantee that space will be available. Satellite symposium organisers are requested to liaise with the official caterer of the 10th Congress of ECCO (contact details will be provided).
- Receptions must not coincide with the official congress scientific programme.
- Reception space may not be used for promotional purposes of any kind or entertainment.
- Receptions must be open to all registered congress delegates.

Giveaways

- Gadgets distributed to congress delegates should be professional in nature and should not conflict with industry standards (healthcare guidelines).

Satellite symposia payments

VAT at the statutory rate applicable has to be added to all prices quoted.

Invoicing

Confirmation of a requested satellite symposium slot by ECCO will generate an invoice of 50% deposit payment. The deposit payment will be due within 30 days of invoice date. Final payment will be due by January 19, 2015.

Please note that invoicing will be done by OCEAiN – Organisation, Congress, Emotion, Association, iNnovation GmbH.

Site inspection

Requests for site inspections of the congress venue need to be directed to the ECCO Office.

Withdrawal of application

Once a request for a satellite symposium or sponsorship package has been submitted and accepted, this is considered a binding commitment.

Educational lunchtime satellite symposia – Scientific programme

Companies are invited to organise educational lunchtime satellite symposia at the 10th Congress of ECCO. These sessions serve as the ideal forum through which industry can communicate with their target audience in a more intimate setting with an educational focus that complements that of the main programme and with the option to provide lunch for the audience (at the sponsor's expense).

- ✓ **40 minutes duration**
- ✓ **On Friday lunchtime (parallel to the guided poster session)**
- ✓ **In the plenary hall and in smaller parallel halls**
- ✓ **Up to 4 satellite symposia in parallel, other activities taking place in parallel: guided poster session**

At the 10th Congress of ECCO, 4 parallel educational lunchtime satellite symposia will be offered to all industry partners.

The following venues are available:

1. *Plenary hall – Hall 1+2: Hall in theatre style, Max. capacity: ~up to 4,000 pax*
2. *Parallel hall – Room 113: Hall in theatre style, Max. capacity: 340 pax*
3. *Parallel hall – Room 114: Hall in theatre style, Max. capacity: 340 pax*

Satellite symposia - Educational programme

Educational programme sponsors have an opportunity to sponsor **satellite symposia scheduled prior to or after an educational activity.**

Seize the opportunity of presenting your newest products and therapies to different interest groups including young gastroenterologists, surgeons, paediatricians, IBD nurses, and allied health professionals and scientists with an interest in IBD who will participate in the scheduled educational activities.

Rental package

The price of sponsoring satellite symposia is dependent on the size of the respective educational activity and comprises:

- 1 hour duration of the symposium held in the same meeting room where the educational activity takes place
- Symposium hall with basic technical equipment
- Use of the speakers' centre for satellite symposium faculty
- Inclusion of session and talk titles as well as company logo in a special section of the final programme and on the website (deadline to submit: **November 3, 2014**)
- PDF invitation in the February issue of ECCO eNewsletter. PDF invitation to symposium can also be published on the congress website. (PDF invitation submission deadline: **January 23, 2015**)
- Opportunity to place 1 poster of the A0 format (content subject to approval by the Organising Committee) at the registration area two hours prior to the satellite symposium, 1-2 posters of the format A0 at the entrance area of the symposium hall (number depending on number of entrances used) two hours prior to the satellite symposium. Provision of poster walls is included, poster printing is not included (deadline for submission of electronic files: **January 23, 2015**)
- **Important note on posters: Movable roll-ups are not allowed in the registration area or in the corridors. The congress organiser will provide fixed poster walls. Only poster walls with the sign "Satellite symposium announcement" may be used (poster walls used for directional signage by the congress organiser may NOT be used). Posters have to be dismantled by the satellite symposium organiser at the end of the symposium.**
- Possibility of organising receptions (at own cost)
- Additional equipment as well as catering is not included (price upon request)

Conditions:

- All printed matters (symposia programmes, posters etc.) referring to a company's satellite symposium shall include the following remark: *"This programme is not affiliated with ECCO"*
- Onsite setup and dismantling to be completed within 15 minutes prior and after the symposium. Satellite symposium organisers are kindly asked to communicate this information to their appointed agencies, film crews, technicians and faculty
- All symposia-related signage and material to be fully removed after the session
- Staff of the sponsoring company is allowed to enter the symposium hall during the symposium only

Number of attendees	Rate
Up to 50 pax	EUR 10,000
Between 51-100 pax	EUR 17,500
Between 101-300 pax	EUR 25,000

This sponsorship option is open to Corporate as well as Non-Corporate Members. Please note that invoicing will be done according to number of attendees in past year (as indicated in the table on p. 31).

Important note: Please bear in mind that the educational activities are open to ECCO Members only.

Appointed agencies

- If agencies are appointed for the organisation of a satellite symposium, the companies shall inform the ECCO Office in writing of the agency's name and contact person. Companies are further asked to make initial enquiries or reservations with ECCO directly, not via their agencies.
- Companies are responsible for communicating ECCO's regulations to its staff and appointed agencies. The appointed agencies cannot entirely act as if it were the company itself and the companies will continue to be held entirely responsible and accountable for activities organised on their behalf.
- It is the responsibility of the company to ensure that any agents employed to facilitate the satellite symposium are aware of these rules.

Booking process

To reserve a satellite symposium, please fill in the registration form on pages 38-39 and fax it to the ECCO Office (fax +43-1-710 22 42-001) or send via e-mail (s.hartmann@ecco-ibd.eu). Please note that some of the educational activities run in parallel and that some have a limited capacity. Therefore please do register early.

Extended booking deadline: November 3, 2014

Should your choice compete with that of another company, then preference will be given on the principle of first come first served. ECCO has decided to use this rather complex process in the interests of transparency and fairness.

Once a request for a satellite symposium or sponsorship package has been submitted and accepted, this is considered a binding commitment. Submitting an application constitutes agreement to these terms.

Promotion

- Satellite symposium organisers will have the opportunity to make use of installed poster walls in the registration area and in front of the symposium hall (for detailed information see "Rental package")
- The distribution of promotional flyers in the congress venue is prohibited because conflicts between symposia have arisen on previous occasions.
- Any further promotional activities at the congress venue other than those described above are prohibited unless explicit approval has been granted by the congress organiser. Failure to observe this procedure shall render the company liable of a fee of up to 25% of the satellite symposium slot cost.
- If authorisation is granted by the management of a hotel, roll-ups/posters can be installed in the hotel lobby and/or flyers can be left at the check-in. Advertising on hotel key cards/door drops and any further promotional activities in hotels are prohibited, because this inappropriately commercialises the congress.

Receptions

- If space permits, satellite symposium organisers may organise receptions before satellite symposia. The congress organiser does not guarantee that space will be available. Satellite symposium organisers are requested to liaise with the official caterer of the 10th Congress of ECCO (contact details will be provided).
- Reception space may not be used for entertainment or promotional purposes of any kind.
- Receptions must be open to all registered delegates of the sponsored educational activity.

Giveaways

- Gadgets distributed to congress delegates should be professional in nature and should not conflict with industry standards (healthcare guidelines).

Satellite symposia payments

VAT at the statutory rate applicable has to be added to all prices quoted.

Invoicing

Confirmation of a requested satellite symposium slot by ECCO will generate an invoice of 50% deposit payment. The deposit payment will be due within 30 days of invoice date. Final payment will be due by January 19, 2015.

Please note that invoicing will be done by OCEAiN – Organisation, Congress, Emotion, Association, iNnovation GmbH.

Site inspection

Requests for site inspections of the congress venue need to be directed to the ECCO Office.

Withdrawal of application

Once a request for a satellite symposium or sponsorship package has been submitted and accepted, this is considered a binding commitment.

City of Barcelona

Barcelona

Barcelona is one of the liveliest cities in Europe. The opening to the sea, since the Olympic games, has added flair to this already beautiful city with its mild Mediterranean climate, its unique architecture, and great lifestyle.

For more information about Barcelona, please visit www.barcelonaturisme.com.

Airport and Arrival information

The Barcelona airport "El Prat de Llobregat" is the second largest airport in Spain and it is located 12 km southwest of the city. It takes approximately 20-25 minutes by car to the city centre.

Airport transfer

By Bus: The Airport Bus (Aerobus, Line A1 and Line A2) takes you every 5-20 minutes (depending on the time of the day) from the airport to the city centre (e.g. Plaça Espanya or Plaça de Catalunya) in about 25-35 minutes.

Airport Bus stops are in Terminal 1 and Terminal 2 (A, B, C)

Single tickets cost EUR 5.90, return-tickets EUR 10.20. You can buy your ticket from the staff at the bus stops (payment in cash only), at the automatic sales machines (payment by credit card) or by paying the bus driver (payment in cash only).

The timetable from the airport to the centre of Barcelona (Plaça de Catalunya) is every day of the week (Monday to Sunday) from 06:00 to 01:00.

For the other direction of departure: Timetable from the city centre (Plaça de Catalunya) to the airport, every day of the week (Monday to Sunday) from 05:30 to 00:30.

For more information see <http://www.aerobusbcn.com/index.php/en/timetables.html>

By Taxi: When leaving the arrival halls, please look for the signs for the nearest taxi stand. An average journey by taxi from the Barcelona Airport to downtown takes about 20-30 minutes and costs approx. EUR 25.00 one-way (incl. surcharge for the luggage).

By Train (Cercanias de Renfe): The airport train (line 10, operated by RENFE) departs every 30 minutes to the city centre (stops with metro-connection: Barcelona Sants or Passeig de Gracia). You can purchase a T10 ticket (valid for 10 journeys with metro FCG, bus, tram lines and RENFE) at any metro stop or at the entrance to the RENFE train platform at Barcelona Airport for EUR 9.80. A single ticket for airport train until Barcelona Sants Station costs EUR 3.80. For further travel you will need an extra ticket for the public transport (single ticket EUR 1.45). The airport train stop is at Terminal 2, to go to Terminal 1 there is a shuttle bus.

For more information see <http://www.renfe.com/viajeros/cercanias/barcelona/index.html>.

Public transportation is by far the easiest way to get around the city. The Barcelona buses and subway are quick, cheap and all-around excellent. Taxi service is available everywhere in the city. However on weekend nights the waiting time might be long.

For further public transportation information, please check online on www.tmb.net

Banks and ATM

Banks are usually open from 09.00–14:00 (Monday-Friday) and closed during the weekends. There will be ATMs (Automatic Teller Machine) in the CCIB or at the nearby shopping mall and all over the city of Barcelona. At the airport, main station and along the main streets you will find currency exchange offices as well.

Churches, Synagogues

Although Barcelona (like the rest of Spain) is basically catholic, all religions are aloud and practised by many citizens. Please contact your hotel concierge for current times of services or nearby churches.

Climate

Barcelona enjoys a Mediterranean climate, with short, cool winters and hot summers. The location of the city next to the sea increases the humidity level. Generally, it rains with more intensity during spring and autumn. In September and October, thunderstorms are very frequent.

Credit Cards

All major credit cards, including Eurocard, Diners, Visa and Mastercard are accepted in most of the establishments as restaurants, hotels, shopping-centres and stores. Travel cheques can be cashed in most of the banks and exchange offices. When paying with credit card for your shopping, you will be asked to show identification. Please have your ID card or passport with you all the time, otherwise they may refuse to accept your credit card as payment.

Currency

The official currency in Spain is Euro (EUR). You can exchange your currency without any limits for total amount at all banks as well as many exchange offices in Barcelona. When you are exchanging your currency, you need your passport or official ID card. If you don't have it with you, the bank may refuse to exchange your currency.

Electricity

The power supply in Spain is 220/240 V. Most electric outlets adhere to the continental standard (Schuko). Appliances from North America require a transformer and British ones an adaptor for the two-pin sockets in use in Spain.

Hotel Accommodation

ECCO has officially appointed Kuoni Destination Management as a partner for accommodation. Kuoni Destination Management has reserved a large number of hotel rooms in various hotels in different price categories. For further information please have a look at the hotel list on page 51 or contact ecco2015@ch.kuoni.com.

Insurance

The conference fee does not include insurance. All participants should arrange for their own insurance. Health and accident insurance is recommended and has to be purchased in your country of origin.

Museums

There are many different museums in Barcelona. For prices and opening hours please refer to the hotel reception or any tourist information. Museums and exhibitions are usually closed on Mondays.

Restaurants & Night life

One of the main characteristics of Barcelona is its night life. The good weather contributes to sitting at the terraces of coffee-shops, bars and restaurants opened until very late. Downtown restaurants are normally open for lunch from 11:00 to 15:00 and for dinner from 19:30 to 23:00. Cafes and breakfast bars may open already at 08:00 or some even earlier. There is a great number of "Tapas-bars" where you can enjoy a drink and small "tapa" or "pincho" to eat any time of the day. Fast food, kebab and take-away-pizza stalls usually serve food all day long, and some of them stay open till midnight. Bars, night clubs and discotheques are usually open from 22:00–04:00 (some even longer).

Shopping

Barcelona is an ideal destination to shop for a wide variety of items catering to everybody's tastes and wishes. Opening hours of midtown shops are 09:00 to 20:30 (Monday-Saturday). Big shopping malls are open until 21:30. On Sundays small shops are generally closed. Some malls are open 7 days a week.

Telephones

Pay phones are available at the Congress venue, both for local and long distance calls. Public phones in Barcelona operate by using phone cards which can be purchased at kiosks and newspaper shops.

Time Zone

Barcelona is 6 hours ahead of US - Eastern Standard Time, and 1 hour ahead of Greenwich Mean Time (GMT).

Visas

EU citizens must either present a passport or ID card valid for the duration of their stay in order to enter Spain for tourist visits. Citizens of other countries must have a valid passport. Some non-EU citizens are required to produce a visa.

PLEASE CHECK THE CURRENT VISA REQUIREMENTS WITH THE NEAREST SPANISH CONSULATE/EMBASSY IN YOUR COUNTRY BEFORE YOUR DEPARTURE TO BARCELONA.

All congress participants with a pre-paid registration fee can obtain a visa invitation letter for the congress. Visa invitation letters which have to be signed and stamped by ECCO must be requested from the congress registration office no later than January 2, 2015!

Terms & conditions

1. Registration

Applications for registration must be made within the stipulated registration period using the official registration forms. The allocation of exhibition space can only be considered if the correctly completed official registration form is received in good time. Applications received within the stipulated registration period will be considered for space allocation as available. However, ECCO reserves the right to refuse applications for any reason, which may or may not be communicated. The registration form must be accompanied by a) an illustrated brochure, or at least a precise description of the goods and articles to be exhibited, and b) a sketch or brief description of the envisaged layout of the stand. To facilitate allocation procedures, any intended solid structures (walling, timber construction etc.) must be communicated to ECCO at the time of application. At all events, no solid structures shall be erected without the written consent of ECCO, and no such work shall be begun until this consent has been received. After the close of the exhibition exhibitors must ensure that the premises are returned to their original state. Exhibitors are not permitted to exchange allocated stands nor to transfer their right to occupy their allocated stand to a third party without the approval of ECCO.

2. Conditions of payment

Punctual payment of rental charges for the reserved exhibition space is a sine qua non for the occupation of the stand. Before occupying the allocated stand, the exhibitor shall present to ECCO receipts as proof of full payment of the rental plus surcharges. All payments must be made in full and without deductions at least one month (30 days) prior to the beginning of the exhibition. Bills made out less than one month prior to the beginning of the exhibition are payable on receipt, in full and without deductions. After the exhibition, exhibitors will be invoiced for any additional or special services and facilities, such as technical equipment etc. In the case of default of payment interest will be charged on the arrears at the standard rate of the Austrian banks. Exhibitors undertake not to set off any counter demands against rental charges or surcharges due nor withhold rents as a setoff to an alleged counterclaim.

3. Repudiation or cancellation of the contract

No exhibitor may repudiate the exhibitor's contract once application has been submitted and accepted in writing. Should ECCO nevertheless agree to a cancellation of the rental agreement, the exhibitor shall be liable to pay in full the agreed charge for the reserved exhibition space, unless the agreement is cancelled at least one month (30 days) prior to the beginning of the exhibition and the exhibition space can be rented to another exhibitor, in which case the original lessee shall merely pay an administration charge of 30% of the agreed rental charge plus registration fee.

4. Setup and dismantling the stands

Any exhibitor who exceeds the allotted time of the setup and dismantling of his stand shall be liable for all ensuing damage, injury and costs. In cases where an exhibitor fails to occupy his allocated stand on schedule, the provisions of paragraph 3 shall apply. Any exhibitor who has failed to appear on schedule shall not be entitled to receive compensation in any way, and ECCO shall dispose of the stand as it sees fit. Any damage or loss suffered by ECCO as a result of the default of the lessee shall be made good by the latter. When decorating and furnishing their stands, exhibitors shall strictly observe the local fire regulations. Any easily flammable materials used (such as crepe paper, molinos, rush mats etc.) must be impregnated. Free and unrestricted access must be maintained to all fire alarm points, hydrants and emergency exits. Any exhibits left on the premises at the end of the dismantling period shall be removed at the exhibitor's expense and risk. In the interest of the success of the exhibition, no exhibitor shall commence dismantling before the close of the exhibition. Any damage to floors and walls caused by the use of such materials as synthetic adhesives or nails shall be repaired by the exhibitor within the dismantling period. Failing that the premises shall be returned to their original state at the expense of the lessee. In all respects exhibitors must observe the local fire and building regulations and follow the instructions of the local fire and building authorities.

5. Layout of stands

ECCO will endeavour to meet the exhibitor's wishes regarding stand allocation. Should it be considered necessary in terms of the subject of the event, ECCO or the organisers shall be entitled to divide off the individual exhibitions areas by means of stable partitions (2.5 m high, 1.5 m wide). The stand should be identified by an accurate company name. The design and furnishings of the stand must not offend against good taste, nor must they have a political character or disturb any persons or other furnishings and

equipment. Exhibitors shall not affix any objects, including names of companies, products etc, at a height above the top of the stand partitions, which is 2.5m, nor employ the external face of the partitions for purposes of advertising, nor extend their stand beyond the agreed size without written permission from ECCO. Where permission has been given, the additional dimensions of the stand shall be taken to calculate the final, revised rental charges. Permission granted to exceed the normal height of the partitions shall in all cases be subject to approval of the lessees of all adjacent stands.

6. Floors

When positioning heavy equipment etc., care must be taken to avoid lumped loads. In particular, care must be taken to avoid loads on the cable ducts laid in the floors as well as outlets (identified by the marble slabs), as these have considerably lower load-bearing capacities. Where necessary appropriate precautions must be taken as agreed with ECCO.

7. Advertising

Brochures and other advertising materials may only be distributed within the stand itself. Sound reproduction systems, such as tape recorders or films with sound tracks etc., may only be played at normal speaking volume. In the case of films, the screen must be positioned in such a way that the film can be viewed from within the stand without causing a hindrance in the gangway. Demonstrations involving the use of noisy machinery are only permitted on a limited scale. ECCO reserves the right to restrict such demonstrations to certain specific times. The sale of food and beverages at the stand is not authorized.

Companies that book industry advertisements in printed congress announcements/programmes will need to sign an industry advertisement printing consent form. All advertisements will display the following remark "Paid advertisement by (company name)".

8. Photography

ECCO is entitled to make use of drawings, photographs etc. of the exhibition structures and stands for its own purposes or for general press releases. ECCO's own accredited photographer has exclusive rights to all commercial photography.

9. Liability and security

ECCO can only accept liability for damage or injury within the framework of its legal liability under Austrian law. The exhibitor shall be liable for personal injury and damage to property caused by himself, his agents or by his equipment and activities. No responsibility can be accepted by ECCO for other injury to life or limb or damage to property. The exhibitor shall display great diligence in the protection of his goods and exhibits, and all easily transportable items of value must be kept under lock and key during the night. The exhibitor himself is responsible for taking out appropriate insurance cover.

10. Cleaning

ECCO shall be responsible for cleaning the halls and corridors with the exception of the stands, for which the respective exhibitors bear responsibility. However, the services of ECCO staff can be hired for a fee upon written request. The exhibitors shall be responsible for the removal of all packing and wrapping materials. Any articles or goods or packing materials placed in the entrance areas, corridors etc. or in the grounds and surroundings without written permission to do so will be removed at the expense and risk of the exhibitor concerned.

11. Assertion of claims

On submitting the official application form, exhibitors and sponsors shall be deemed to have accepted these Terms & Conditions. Any claim against ECCO must be made in writing within 14 days of the close of the exhibition, after which period any action shall be statute-barred. In the event of litigation arising out of mutual obligations based on this agreement, the courts of Vienna shall have sole jurisdiction.

12. Copyright works and trade marks

The Exhibitor is solely responsible for, and will ensure, that all sums and royalties payable in connection with the performance, broadcasting, playing and/or reproduction of any copyright works related to their exhibition space are paid to the relevant Spanish body within the legally required period of time.

13. Health and safety

The Exhibitor, in particular, will fully comply with its obligations under the current legislation in place.

13. Liability

ECCO is free from all liabilities that may arise from the delegates' and presenters' participation at the ECCO Congress 2015 and its activities.

14. Postponement or abandonment

The congress organiser maintains the right to postpone the congress including satellite symposia, or to change the site of the congress if unforeseen circumstances require such action. If any contingency prevents satellite symposia from being held, the congress organiser will not be held liable for expenses incurred other than the cost of renting the slot.

15. Force majeure

If the CCIB is prevented from making the CCIB and/or the Venue available to the Customer by any circumstances beyond its reasonable control, irrespective of when it occurs, then the Customer cannot be held liable by the Exhibitors.
