Present a challenging case at the ECCO Congress 2016 in Amsterdam

SciCom opens the call for challenging cases for the ECCO Congress 2016 in Amsterdam. Calls submitted should relate to one of the following three clinical dilemmas:

- **Challenges during pregnancy**
- **Refractory upper gut Crohn's Disease**
- **When extra-intestinal symptoms dominate**

Please note that your case does not necessarily need to be a rare case and can represent an everyday struggle.

In the selection process, priority will be given to cases reflecting one of the session titles. Please also consider how the case complements the overall programme.

Applications should be limited to a one-page-abstract (max. 400 words) and include the following:

- Title of case
- Short description
- Teaching objectives
- Illustrating materials

If you are interested, **please submit your challenging case as an abstract or a power point presentation to the ECCO Office (b.rosier@ecco-ibd.eu) before October 1, 2015**. Three cases will be selected for oral presentation, and discussed by a panel of experts during the next ECCO Congress in Amsterdam.

Best regards,
Gerhard Rogler and ECCO SciCom Members
