Letter of Invitation

Julián Panés

Dear Colleagues,

It is my pleasure to announce that the ECCO Congress 2017 will be held in the charming city of Barcelona, Spain, on February 15-18, 2017. This is already the 12th Congress of the European Crohn's and Colitis Organisation. Barcelona is a city of design and creativity, and these components are an essential part of our congress programme for 2017.

Scientific and medical experts from a broad range of fields related to IBD, including gastroenterology, internal medicine, surgery, paediatrics, epidemiology, endoscopy, imaging, nursing, pathology and nutrition come together from around the world to learn about the latest trends in IBD research and clinical care. The annual congress attracts more than 6,000 delegates from all over the world, becoming the world's first IBD event for the presentation and dissemination of advances in the field.

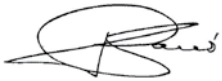
The Organising Committee is designing a programme that will be attractive and indispensable for all the professionals related to IBD. For 2017 the theme of the congress will be "Advancing knowledge, improving care". As the ECCO Congress has become the main world event for the presentation of new studies, we have expanded the number of original oral presentations during the congress. We will introduce new and functional formats in the sessions with very dynamic presentations covering new treatment paradigms and active focus of research. Special sessions will be devoted to the interpretation of results of clinical trials for clinical practice.

Thanks to the generosity of our sponsors, and also to collaboration with other scientific societies (IOIBD, AOCC), we are able to increase the number of fellowships and grants that will be awarded in Barcelona in 2017.

Around the congress, a wide offer of educational activities will be deployed as usual, devoted to young specialists, nurses, colleagues from the industry and in general to all those for whom IBD is a main focus and who are willing to gain deep insights into development of clinical trials, histology, imaging, surgical treatment and many other evolving topics in IBD. So check out our ECCO Congress Website ***www.ecco-ibd.eu/ecco17*** and register on time as places are restricted for some activities!

We hope to see you in Barcelona in February 2017. On behalf of the whole ECCO Team, I extend a warm welcome to you all!

Yours sincerely,



Julián Panés
ECCO President & Chair of Organising Committee

About ECCO

Mission Statement

ECCO will strive for an optimisation of care for patients with IBD in all aspects.
As part of this mission ECCO will adopt and further all efforts that lead to an improvement of the use of current therapies and procedures. Main aims include the development of guidelines with highest possible process and content quality and joint efforts to define better and more valid outcome parameters for the therapy of IBD.
Further aspects of the mission include the promotion of specialist, postgraduate education in IBD and the promotion of scientific projects in IBD. Such promotion can include intellectual input, funding and joint training using an ECCO defined curriculum. ECCO's visibility will be always as an organisation and not as the individuals making up ECCO. With all its activities the name of ECCO will stand in the world of gastroenterology for the highest possible level in quality and full impartiality in the results.

Scientific programme

Scientific sessions are held from Thursday, February 16, 2017 to Saturday, February 18, 2017. These include the opening/closing of the core scientific programme and all official speeches with a mixture of invited speakers and oral presentations of the best submitted abstracts. No parallel sessions are scheduled. The congress registration fee includes access to all scientific sessions.

Abstracts presentation format

For the 12th Congress of ECCO, the 38 best abstracts (up from 30 in 2016) will receive an oral presentation slot in the scientific programme. The next best ~90 abstracts will be Digital Oral Presentations, with a 5 minute oral presentation on either Thursday, February 16, 2017, from 17:45-18:45 or Friday, February 17, 2017 from 17:20-18:20. The remaining accepted abstracts will be displayed as hard copy posters throughout the congress.

The Poster Award Ceremony will be held on Saturday, February 18, 2017, 12:50-12:55 during the "Closing remarks" session in the plenary hall.

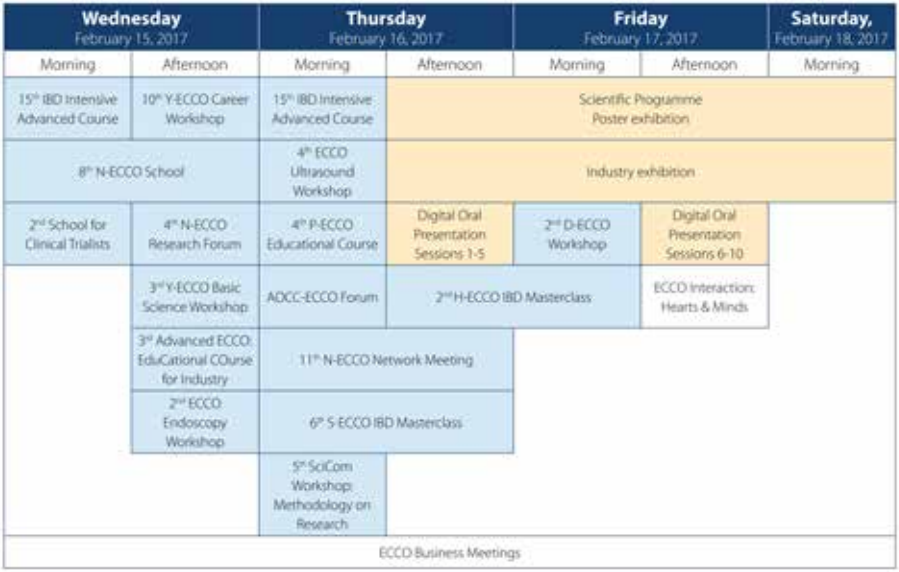
.

Satellite symposia

Satellite symposia are organised by pharmaceutical companies and are open to all congress delegates. Parallel satellite symposia are organised at the 12th Congress of ECCO. Responsibility of the programme content remains with the sponsor.

Educational programme

The educational programme of the 12th Congress of ECCO starts prior to the official start of the ECCO Congress and courses take place from February 15-17, 2017. These activities are targeted towards ECCO's different interest groups including young gastroenterologists, surgeons, paediatricians, IBD nurses and allied health professionals and scientists. An overview of these activities can be found below. Please note that some of them run in parallel and have a limited capacity – please do register early:



ECCO Interaction: Hearts and Minds

"ECCO Interaction: Hearts and Minds" is THE event at ECCO to see and be seen, to network and engage. Anyone who has been to a previous ECCO Congress knows that it is a must and everyone is welcome, but places are limited.

Date: Friday, February 17, 2017
Start time: 20:30
Venue: Museu Nacional d'Art de Catalunya
Palau Nacional, Parc de Montjuïc, 08038 Barcelona

This event is open to all congress delegates. The price of an entrance ticket purchased in advance is EUR 50.- for ECCO Members and EUR 95.- for Non-Members. Tickets can be purchased during the online congress registration at ***www.ecco-ibd.eu/ecco17***. **Access to the event is strictly limited to those with ECCO Interaction tickets only.**

Call for abstracts

General information

Abstracts will be reviewed by a panel of reviewers. Please note that all abstracts will only be included in the final programme if the corresponding author has formally registered and paid the registration fee. The submitter does not necessarily have to be the primary author. Submitted abstracts may be considered for oral (the best 38 abstracts will be chosen for oral presentation), digital oral presentation (the next best ~90 abstracts will be chosen for digital oral presentation) or hard copy poster presentation. Notification of acceptance of abstracts will be emailed to the authors by December 23, 2016.

Further information about guidelines for oral, digital oral and poster presentations, as well as abstract rules and regulations are available at ***www.ecco-ibd.eu/ecco17***.

Key dates

Wednesday, August 17, 2016	Call for abstracts
Thursday, December 1, 2016	Deadline for abstract submission (midnight, CET) There will be NO late-breaking abstracts, please aim to get your abstract in on time!
By Friday, December 23, 2016	Notification of abstract acceptance/rejection

EACCME – Continuing Medical Education

ECCO is in the process of seeking approval from the European Association Council for Continuing Medical Education in Brussels (EACCME), an institution of the UEMS, to provide EACCME credits for the attendance at the scientific sessions of the core programme as well as various educational courses. To receive a certificate with CME credits the congress evaluation form (to be distributed to each congress delegate in the congress bag) has to be completed and returned to the registration desk at the 12th Congress of ECCO or sent via mail to the ECCO Office.

The industry exhibition will take place together with the poster exhibition. It will give you a wide overview over the latest achievements concerning Inflammatory Bowel Diseases as well as state-of-the-art technical equipment. Exhibitors will display the most recent publications in the field of Inflammatory Bowel Diseases and related sciences.

Please note that in accordance with the Code of Practice of EFPIA (European Federation of Pharmaceutical Industries and Associations) and Farmaindustria (the National Trade Association of the Spanish based pharmaceutical industry), prescription-only products may not be advertised to the general public. Only prescribers may be exposed to advertising for prescription-only products. As a multidisciplinary audience will attend the ECCO Congress, ECCO will prepare different name badges to prescribers and non-prescribers.
Further, ECCO will take the following additional measures to comply with these regulations:

- The exhibition will be open and delegate badges will indicate whether exhibitors can provide additional information from their stands to delegates depending on their status as either prescribers or non-prescribers.
- Delegates must ensure that their status, as indicated on their delegate badge, is visible at all times when entering the exhibition area.

For all enquiries regarding the industry exhibition and sponsorship opportunities please contact the ECCO Office (***ecco-congress@ecco-ibd.eu***).
