Please pay careful attention to these guidelines which are intended to assist you by providing all instructions you may need.

Please inform the ECCO Office immediately of any changes in title, presenter or mailing address.

Posters in landscape style can NOT be hung up and will NOT be accepted.

PREPARING YOUR POSTER

- All exhibits have to be in English.
- Organise your poster as follows: Background, methods, results, conclusion.
- Keep all elements of your poster (pictures, tables, graphics, drawings, photos) simple.
- Remember that the visitor has to be able to read the text from a distance of up to 1.5 m.
- Make sure that the poster speaks for itself and does not require extensive explanations.
- Plan your layout in such a way that the viewer can move her/his eyes from left to right and from top to bottom with appropriate breaks (portrait style!)
- Try to prepare a poster in one part - if constructed with many parts make sure to know the order.
- We kindly ask you to refrain from posters made out of textile since this material is not adhesive and your poster cannot be displayed properly.

HEADINGS

Headings featuring number of presentation, title and authors have to be prepared with minimum font size 72 by the author. Likewise, it is strongly recommended that the font size for the body text should be minimum 46.
