ECCO Educational Workshops 2016

Sponsor Prospectus

www.ecco-ibd.eu

Dear Industry partner,

ECCO would like to invite you to take part in the 2016 ECCO Educational Workshops!

The primary goal of these educational activities organised by the ECCO Education Committee is the harmonisation of IBD practises within ECCO Country Members by spreading the ECCO Guidelines, and to provide continuous medical education with the ultimate aim to improve the quality of care for patients with IBD.

The programmes of these workshops are created around clinical cases, with the intention to be as educational and proactive as possible, to allow participants to take active part in the discussions. ECCO Educational Workshops are offered to large countries and in regional centres to smaller countries throughout Europe.

ECCO EduCom invites you to participate in three to four one-day workshops within Europe and one to two one-day workshops outside of Europe. These educational activities are aimed at individuals who are interested in IBD and are an ideal opportunity to network and receive an update on the latest ECCO Guidelines by top gastroenterologists in Europe!

In addition to this informative letter please find more information on our website about the programmes of our current and upcoming workshops in 2016 www.ecco-ibd.eu. If you need any further information don't hesitate to contact the ECCO Office (ecco@ecco-ibd.eu).

Thank you very much for your support!

Kind regards,

James Lindsay, ECCO Education Committee Chair

Peter Lakatos, ECCO Workshop Coordinator
