## D-ECCO Travel Award Fact Sheet

---

The European Crohn's and Colitis Organisation (ECCO) offers Travel Awards as an opportunity for dietitians in IBD to visit different Inflammatory Bowel Disease (IBD) Centres in Europe, and to observe and learn about diet and nutrition in IBD. Dietitians in IBD have the possibility to:

- visit a centre in another country OR
- visit a different centre located in their own country.

One D-ECCO Travel Award may be awarded in 2023.

In order to be eligible:

- D-ECCO Travel Award applicants and their host supervisors need to be ECCO Members at the time of application.
- D-ECCO Travel Awards are not limited to applicants from ECCO Member countries. Applicants from non-European countries have to clearly state the impact of the proposed project on the IBD Community.
- The candidate and host supervisor should have a reasonable command of the English language (written and oral).
- D-ECCO Travel Awards aim to enhance the opportunity for dietitians in IBD to visit European centres. They are not designed to support travel to congresses or meetings.
- The principal purpose of the Travel Awards is to enhance the fabric of ECCO. Exceptional circumstances such as an applicant from an ECCO Member Country travelling to a non-member country will be considered, but such an application is likely to receive a lower priority than an applicant from a member/non-member country visiting an ECCO Member Country.
- Members from all ECCO Committees are excluded from applying.
- Applicants can apply for only one ECCO Award category per annual application round.
